Dear friends!

Here is the Bank Annual Report for 2008. The time has come to sum up and analyze the achievements.

In the beginning of the year we specified the targets, defined the development strategy and our priorities. Absolute priorities for the Bank are high liquidity, liability for the obligations, crediting and rendering services to enterprises of the real sector of economy. An individual approach to our clients, stability of the Bank, balanced policy and high standards of service allowed us to achieve obvious growth that is reflected in the financial indicators provided by the Annual Report. Growth of chartered and own capital, increase in the credit portfolio – these are our undoubted achievements which are evidence of high reliability of the Bank, especially obvious in the hard time for the world economy.

2008 witnessed the new central office of the Bank to open its doors for clients and constant growth of the employees: we have created a well-knit professional team capable to solve the problem of the modern bank business.

The Report figures are backed by a year of fruitful work and achievements. We are building partner relations on principles of long-term cooperation, an openness and responsibility. Allow me to thank all those who are art and part in our general success: clients, partners, shareholders and employees of the Bank.

We appreciate your confidence and are fully confident that our mutually advantageous cooperation has an excellent future!

E. Gromova

the Chairman of the Board

Today JSCB
«SLAVIA» is
a universal credit
institution taking
strong positions
in the financial
market of Russia.

Traditions of the SLAVIA Bank

JSCB "SLAVIA" was set up in the beginning of 1994 and has received license № 2664 of the Bank of Russia to carry out operations in rubles and foreign currency with legal and physical persons.

On September 7, 2005 the Bank was included in the Register of banks-participants of the system of obligatory insurance of deposits under number 892. The Bank is a member of the Association of the Russian Banks. The maximum satisfaction of the client's needs both physical and legal bodies has been the Bank's priority for over fifteen-year period.

Nowadays the Bank possesses all modern instruments to carry out inter-bank settlements both in national and foreign currencies, including the SWIFT system. The Bank maintains correspondent relations with the world's largest banks that allows its clients to carry out transactions with the partners quickly and in due time.

The Bank is a member of the international VISA and MasterCard payment systems, and provides its clients, who are carrying out foreign trade activities, with the possibility to effect payments by means of the Customs card.

The Bank provides the clients with all the complex of bank services, including settlement and cash services, credit and deposit of money, currency transactions, operations with securities, encashment of money resources etc.

The best advertising for the Bank is its reliability. We managed to achieve it mainly thanks to the weighed policy and professional management. Workings at ground zero of the Bank were Russian and foreign investors who are still continue to actively invest in the development of the Russian economy. The steady financial position of the Bank has provided confidence on the part of clients.

Striving to the maximum openness, the Bank considers important to promulgate and strictly adhere to the following principles of the corporate policy in its activity:

- The Bank complies with the law, ethical standards and rules of doing fair business, unconditionally fulfills its obligations and values its reputation;
- The Bank adheres to the principle of neutrality with respect to financial and industrial groups, political parties and associations and carries out its activity in the interests of investors, clients and shareholders;
- The Bank develops new operations and directions;
- The Bank protects the interests of every client;
- The Bank values its employees and creates conditions at when every officer can completely realize its abilities, as well as takes care of the veterans.

**For the Annual Report for 2008 - SLAVIA Bank or Bank".

**The SLAVIA Bank
uses modern
principles
of management.**

Corporate governance

Process of management in the Bank is founded on construction on the general standards of the corporate governance accepted in the credit organizations in the territory of Russia.

The supreme body of the Bank management is the general meeting of its shareholders which elects the members of the Supervisory Board of the Bank which, in turn, appoints the Chairman and members of the Board of the Bank. Active parts in the Bank work are two collective bodies, performing consultative functions - Credit and Finance Committees of the Bank. According to the Charter there is a Committee of advisers in the Bank which functions at the Bank Supervisory Board.

Decision-making with respect to the specified above advisory and management bodies is founded on the basis of consensus within the framework of free exchange of opinions. The decisions made are subject to unconditional execution. Each employee of the Bank has the right to address the higher management echelon in order to have one or another question to solve. There is a chain of command in the Bank for realization of functions of management and control of execution of the decisions taken which includes Departments, Services, Directorates, Divisions and Sectors. Each of Vice-President of the Board of the Bank supervises or heads one or another structural or isolated division of the Bank. Some divisions, for example, the Credit Department have the so-called matrix structure of management which is expressed in subordination of an employee to two different officials of the Bank who have various administrative functions.

**The SLAVIA Bank
creates corporate
culture specified by
its mission and
development
strategy.**

Human resources management

The SLAVIA Bank considers its experts as one of the basic resources and highly appreciates the employees working in the Bank. Each expert coming to the Bank is a new link in constructing harmonious collective which effectively and competently solves the problems of business. The main objective of the HR strategy is to build the corporate culture aimed at rendering the highest quality services to our clients.

Nowadays, despite the crisis consequences, the Bank continues to actively build up the client base and develop services which led to the increase in number of the personnel in the accounting year. The number of the Bank employees has increased by 20 % as compared with 2007 and amounted to 186 persons as of 01.01.2009.

In 2008 the SLAVIA Bank continued to invest in training and personnel development. More than 12 % of its employees participated in various seminars and trainings with the subsequent assignment of certificates. In 2009 the Bank plans to go on with investments in training and personnel development, increasing the number of highly skilled employees in such a way.

The SLAVIA Bank has moved to a new building in August, 2008 where the employees were provided with the workplaces meeting the highest standards and equipped at the highest level.

The main objective of the personnel policy in the forthcoming year is to maintain the constant inflow of professionals, to improve professional skill and to promote the most talented employees, i.e. to do the needful to keep the Bank growing.

The Bank is actively working on development of the corporate culture to create fruitful atmosphere within the collective and provide the employees with wholehearted work. The Bank HR division successively meets the challenges, thus, that is to say, the Bank confirms its reputation of reliable and successful employer.

AUDITOR'S REPORT

To the shareholders of Joint Stock Commercial Bank SLAVIA
(Close Joint Stock Company):

We have audited the accompanying financial statements of Joint Stock Commercial Bank SLAVIA (Close Joint Stock Company) (hereinafter referred to as the "Bank"), which comprise the balance sheet as at 31 December 2008, the income statement, the statement on changes in equity, the cash flow statement for the year ended 31 December 2008, and the summary of significant accounting policies and other explanatory notes.

Management of the Bank is responsible for preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error; selecting and applying appropriate accounting policies; and making estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with relevant ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting principles used and significant estimates made by the management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient to provide a basis for our opinion on these financial statements.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Bank as at 31 December 2008, its financial performance and its cash flows for the year ended 31 December 2008 in accordance with International Financial Reporting Standards.
